

SPARTAN
SINCE 1943

738 SKID MOUNT

Think getting the ultimate in power and performance has its price?

Think again. Leave it to Spartan to bring you the force of 2,000 PSI at 12 GPM, a twin-cylinder, air-cooled engine and 250' of hose. All this comes in one compact design for easy installation into your vehicle, at a price you can handle. With a skid-mounted jetter as compact and economical as this one, you never have to think twice.
