

— QUICK GUIDE —

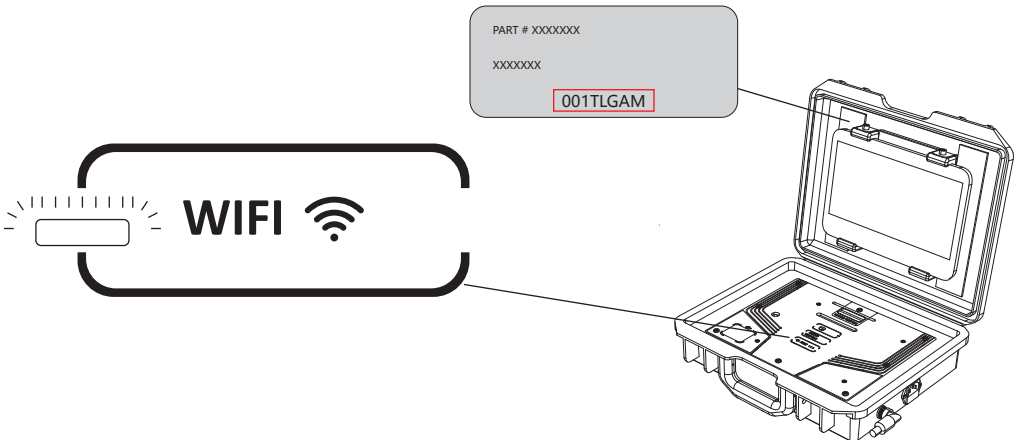

- 1 Download the **Spartan Vision App** from the App Store.

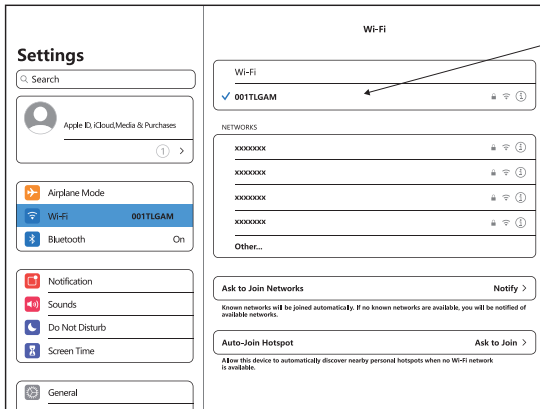

- 2 Press the On/Off button to start the unit.

- 3 When the blue Wi-Fi indicator start blinkings, search for the serial number of the unit from the Wi-Fi address and connect. The password is 123456789.

- 4 — — — — —
- Once the connection is established, the status of the Wi-Fi indicator should change from “blinking” to “solid”.

- 5 — — — — —
- Launch the Spartan Tool Vision App from the smart electronic device and start using the Traveler Lite for video inspection.
